RESERVATION DEADLINE

There is no deadline to reserve a stand. Management will continue to sell stands until all floor space is sold. Potential exhibitors are encouraged to submit stand reservations early to secure a selected stand space and a listing in the Event Program. The deadline to be listed in the Event Program is February 1, 2022. Any reservation received after this date will be processed; however, it may not be listed in onsite publications.

In the event of a default by the Exhibitor, as set forth in the previous sentence, the Exhibitor shall forfeit as liquidated damages, the amount set forth above, regardless of whether or not Management enters into a further lease for the space involved. **Cancellation requests must be submitted in writing to Joe Tessari, joe@filtxpo.com.**

HOUSING

The number of hotel room nights reserved through the official FiltXPO™ 2022 hotel block determines the ability to get first priority dates for future FiltXPO™ Exhibitions. Therefore, Exhibitors are required to use the housing room block for all registered participants from the exhibiting company. It should be noted that Management does not profit from these reserved hotel rooms.

SPACE REDUCTION

Should an Exhibitor reduce the size of their contracted stand space on or before September 1, 2021, a 15 percent service charge of the original contract price will be assessed by FiltXPO™ 2022. Any payment previously received will be applied to the revised stand fee balance. Any remaining balance, less the revised space fees and a 15 percent service charge, will be refunded up to a maximum of \$5,000. After September 1, 2021, an Exhibitor is permitted to reduce the size of their contracted space; however, refunds will not be provided. RULES GOVERNING EXPOSITION

Each Exhibitor agrees to abide by all rules, regulations and guidelines governing the FiltXPO™ 2022 exhibition as set forth below.

- 1. Management.** The word "Management" as used herein shall mean Management as FiltXPO™, its officers, or committee or agents or employees acting for it in the management of FiltXPO™ 2022 Exposition.
- 2. Sub-leasing.** Exhibitor may not sub-let their space nor any part thereof. Exhibitor may not permit in their booth non-exhibiting companies' representatives. Rulings of the Management shall in all instances be final with regard to use of any exhibit space.
- 3. Default in Occupancy.** Any Exhibitor failing to occupy space contracted for is not relieved of the obligations of paying the full rental of such space. If a booth space is not occupied by the date and time of display installation and completion, such space may be possessed by Management and reallocated or assigned for such purposes as it may see fit.
- 4. Eligible Exhibits.** Management has the sole right to determine the eligibility of any company or product for inclusion in the exposition. Exhibitor may not promote products or services that compete with the products and services of Management, including, but not limited to, conferences, seminars, and/or expositions relating to the nonwovens industry, without prior written consent by Management. Any Exhibitor engaged in the business of conducting, or offering conferences, seminars, expositions, publications, and other services or products similar to those offered by Management shall be required to submit all products and/or services it intends to promote at the exposition to Management for approval. Only those products and/or services approved in writing by Management may be promoted at the exposition. Any Exhibitor who fails to submit its products and/or services to Management for approval in accordance with this section automatically forfeits its rental fee and is not authorized to participate as an Exhibitor at the exposition.
- 5. Limitation.** Exhibitor agrees to make no claim for any reason whatsoever against Management for loss, theft, damage, or destruction of goods, nor for any injury to itself, its employees, its invitees, or its agents while in the exposition quarters; nor for any damage of any nature, including damage to its business, by reason of failure to provide space for their exhibit; nor for any action of any nature of Management; nor for failure to hold the exposition as scheduled.
- 6. Installation – Show Hours – Dismantling.** Hours and dates for installation, show hours, and dismantling shall be those specified by Management.
 - A.** Exhibitors are prohibited from dismantling their display, in whole or in part, until the conclusion of the exhibition hours. Exhibitors caught dismantling their booths, in whole or in part, prior to the conclusion of the exhibition hours will be assessed a penalty determined by Management.
 - B.** Any Exhibitor who fails to remove exhibit material from the exposition floor upon the conclusion of the dismantling period as specified by Management shall be assessed a fee set by Management to cover the handling and disposal of the material left behind.
- 7. Damage of Property.** Exhibitor is liable for any damage caused to building floors, walls or columns, or to standard and "packaged" booth equipment, or to other Exhibitor's property. Exhibitor may not apply paint, lacquer adhesive, or other coatings to building columns and floors or to standard booth equipment.
- 8. Alcoholic Beverages.** Alcoholic beverages may be served in the Exhibitor's exhibition space provided the Exhibitor receives written authorization from Management and if the Exhibitor has a written agreement with the official caterer of the exhibit facility. Exhibitor and its employees and agents shall not service alcoholic beverages to anyone less than 21 years of age or to anyone regardless of age who is obviously intoxicated.

Exhibitor agrees to indemnify and hold FiltXPO™ harmless with respect to any and all claims, losses, damages, liabilities, judgment, or settlements, including reasonable attorney's fees, costs, and other expenses incurred by FiltXPO™ on account of any alcohol served at the Exhibitor's exhibit space.

9. Exhibits and Displays; Height Limitations, Ceilings, Multi-Level Booths.

- A.** Exhibitors shall follow the IAEE Guidelines for Display Rules for a line of sight exhibition in designing their booths and arranging their displays. The IAEE Guidelines for Display Rules will be reproduced in the Exhibitor Services Manual and are also available upon request to Management. In case of conflict between the IAEE Guidelines for Display Rules and these Rules Governing the Exposition, the latter shall control.
- B. Height Limits**
 - 1. For standard booths** (booths together in a straight line), the display fixtures in the 5 feet (1.52m) of the exhibit area closest to the aisle must be at a height no higher than 4 feet (1.22m). Display fixtures in the other area of the booth are limited to a height of 8 feet 3 inches (2.5m).
 - 2. For end-cap peninsula booths** (i.e., booths that border aisles on three sides and border at least one standard booth), display fixtures and identification signs are limited to a height of 8 feet 3 inches absent written approval of Management at least 30 days prior to show move-in. In addition, all display fixtures over 4 feet (1.22m) in height and placed within 10 lineal feet (3.05m) of a neighboring booth must be confined to the area of the booth that is beyond 5 feet (1.52m) from the aisle. The back wall of such an exhibit that borders neighboring exhibits must be kept free of all writing, cables, rigging and signage.
 - 3. For split island peninsula booths** (i.e., booths that border aisles on three sides and border another booth with aisles on three sides), display fixtures and identification signs are limited to a height of 16 feet absent written approval of Management at least 30 days prior to show move-in.
 - 4. For island booths** (i.e., booths with aisles on all four sides), the exhibit height cannot exceed 16 feet (4.88m) absent written approval by Management at least 30 days prior to move-in. This rule shall not apply, however, in the case of machinery and equipment placed in position comparable to actual utilization for demonstration purposes. Management must approve any exceptions to this section in writing. All decisions by Management are binding.

- C. Ceilings:** Booths with ceilings are prohibited. A ceiling is defined as any overhead horizontal surface that might interfere with the proper operation of the fire suppression systems, such as by impeding the flow of smoke, heat or water. All booths with overhead structures or surfaces, regardless of construction or materials, must be approved, in writing, by Management at least 90 days prior to move-in.
- D. Furnishing and Structure:** All booth furnishings, flooring, and structural components need to be made from flame retardant materials.
- E. Multi-Level Booths:** Applications for approval must be submitted, in writing, at least 120 days prior to move-in. All booths with more than one level must be approved by Management. In addition, all multilevel booths/structures will need to be approved by a Florida licensed structural engineer and permitted by the Miami Beach Building Department. Applications should be submitted to:

Antonio Gonzalez
 Operations Manager
 Miami Beach Building Department
 1700 Convention Center Drive, 2nd Floor
 Miami Beach, FL 33139
www.miamibeachfl.gov

Design requirements for multi-story booths are subject to change. Currently the design requirements are as follows:

- Upper level floor systems shall support a live load of one hundred pounds per square foot (100 lbs./sq. ft./488.21 kg/sq. m) and shall have guardrails a minimum of forty-two inches (42"/1.07m) in height with intermediate rails through which a four-inch (4"/10.16cm) sphere cannot pass.
- Stairs for upper levels shall support a live load of seventy-five pounds per square foot (75 lbs./sq. ft./366.18 kg/sq. m) and shall have a minimum width of thirty-six inches (36"/91.44cm) when serving an occupant load of less than fifty (50) occupants and forty four inches (44"/1.12m) when serving an occupant load of fifty (50) or more occupants.
- Stair risers should be not less than four inches (4"/10.16cm) nor greater than seven inches (7"/17.78cm) in height and treads shall have a minimum run of eleven inches (11"/27.94cm), excluding nosing.
 - Spiral stairs are not recommended for areas to be occupied by the general public, visitors or clientele, unless specifically approved by the Miami Beach Fire Department.
 - Handrails shall be provided on at least one side of every stairway.
- Upper level(s) shall have at least two (2) exits for every three hundred square feet (300 sq. ft./27.87 sq. m) of occupied space, and these shall be as remote from each other as possible.

10. Attendance. Management shall have sole control over admission policies at all times.

11. Booth Representatives. Each Exhibitor shall provide at least one booth attendant during exhibit hours. Failure to comply with this provision shall subject the Exhibitor to the sanctions and penalties as set forth in Paragraph 45. All booth representatives must be bona fide employees of the Exhibitor, or the Exhibitor's manufacturer representative. In addition, Exhibitors may hire models to work in their exhibit space. The attire of the models employed by the Exhibitor and other booth personnel shall not exceed the boundaries of good taste as judged by Management in the exercise of its sole discretion. Subject to these rules and regulations, no Exhibitor personnel shall be in the booth of another Exhibitor without such Exhibitor's permission. All booth representatives shall wear badge identification furnished by Management at all times. Management may limit the number of booth representatives at any time.

12. Decoration. Management shall have full discretion and authority in the placing, arrangement, and appearance of all items displayed by Exhibitor, and may require the replacing, rearrangement, or redecorating of any item or of any booth, and no liability shall attach to Management for costs that may devolve upon Exhibitor thereby. Exhibitors building special background or side dividers must make certain that the surfaces of such dividers are finished in such a manner as not to be unsightly to Exhibitors in adjoining booths. If such surfaces remain unfinished at 9 am of the day before the opening day of the Exposition, Management shall authorize the official decorator to affect the necessary finishing and Exhibitor must pay all charges involved thereby.

13. Exhibitor's Admittance during Non-Show Hours. Booth representatives will not be permitted to enter the exposition earlier than one hour before the scheduled opening time each day of the show, except the opening day, and will not be permitted to remain in the exposition after the closing hour each night, with exception of the final night. Exhibitors having special circumstances that require additional time should check in with the Management at least 24 hours in advance.

14. Exhibitor Services Manual. Management will furnish a complete Exhibitor Service Manual to each Exhibitor covering in detail shipment of exhibit material, electrical requirements, and other subjects. This Manual will include prices for rental of furniture, draperies, special construction, etc. It will be available after September 30, 2021 for advance planning of merchandise shipments, electrical requirements, etc.

15. Exhibitor Representatives' Responsibility. Exhibitor agrees to indemnify Management against and hold it harmless for any claims arising out of the acts of negligence of Exhibitor, its agents, its invitees, or its employees.

16. Failure to Hold Exposition. Should any contingency prevent holding of the exposition, Management may retain such part of Exhibitor's rental as shall be required to recompense it for expenses incurred up to the time such contingency shall have occurred.

Exhibitor further warrants that where provision of such auxiliary aids would fundamentally alter the nature of the goods and/or services provided by the Exhibitor, or would result in the undue burden to Exhibitor, Exhibitor will notify Management of that fact at least four weeks in advance of the exposition and of the alternative measures it intends to take to indemnify and hold FiltXPO™ harmless for any claims arising out of or in connection with the failure of Exhibitor's booth to comply with the ADA.

FILT XPO™ HOUSING

FiltXPO™ 2022 handles its own housing and processes all hotel reservations for the event.

Please do not give your credit card information or make any reservations with any other housing bureau, housing company, or convention housing company appearing to represent FiltXPO™ 2022 and/or the FiltXPO™ 2022 Housing Bureau. These companies, frequently based out of Las Vegas and Eastern Europe call themselves Exposition Housing, Expo Housing Group, Convention Housing, etc.; all appear to offer lower rates for hotel rooms and are a **SCAM**. We are not able to verify the authenticity of such companies, and will not be able to provide resolution to issues related to these fraudulent reservations.

If anyone contacts you, offers you lower rates, and asks you to provide a credit card to PRE-PAY the reservation, then it is certain to be a **SCAM**. If someone requires you to PRE-PAY the cost for the entire stay, it is NOT the official FiltXPO™ 2022 Housing Bureau.

The most up-to-date housing list will be published in the Exhibitor Portal. **For additional information, please contact Debra VanEvery Smith of D. VanEvery & Associates at debra@dvanevery.com or +1 361 790 7000 for assistance.**

Please do not contact the hotels directly. The hotels cannot make reservations in the FiltXPO™ 2022 room block; reservations must be made through FiltXPO™.

Please note that the number of rooms reserved through the official FiltXPO™ hotel block determines FiltXPO™'s ability to get first priority for dates for future FiltXPO™ events. Therefore, Exhibitors are required to use the FiltXPO™ housing block for all registered FiltXPO™ participants from the exhibiting company. It should be noted that FiltXPO™ does not profit from the hotel rooms reserved.
