for the

FILTRATION 2008 CONFERENCE

Sponsored by INDA

December 9-11, 2008

Pennsylvania Convention Center

Philadelphia, Pennsylvania

ABOUT CONFERENCE PRESENTATIONS:

Presentations at the Filtration 2008 Conference will cover diverse aspects of filtration technology, new products and research.

By presenting a Presentation at Filtration 2008, you will... reinforce your expertise within the nonwoven community, gain recognition amongst your peers and with potential customers, enhance your reputation as a leader within the industry, provide your company with invaluable industry visibility, and your Presentation will be distributed to all conference attendees. *And, if you are an end-user of nonwoven products, you will have the unique opportunity of telling suppliers your needs.*

ABOUT FILTRATION 2008:

The Filtration 2008 Conference will provide insight into some of the latest technical developments in filtration from some of the industry's leading companies and research institutions.

The Filtration Conference Committee has selected a series of topics for the conference, as listed below. All presentations should be designed to complement these topics, as they relate to the nonwovens community.

Hot Topics
Air Tutorial
Liquid Tutorial
Healthcare
Global View of Filtration
Fine Fibers/Nanotechnology
