W.L. Gore & Associates, Inc.,

Nederman LLC, and

DuPont Protection Technologies!

## Pure Opportunity

Connect with major industry leaders at the Filtration2015 International Conference & Exposition! Attend Filtration2015, and you'll tap into industry intelligence, ground breaking technologies and leading edge technical presentations from companies across the world. Exhibit, and you'll connect with potential partners who can take your business to the next level. **That's pure opportunity!**

Conference: **November 17, 2015**

Exposition: **November 18-19, 2015**

INDA'S Nonwoven Filter  
Media Training Course: **November 17-18, 2015**

Industry Reception: **November 18, 2015**

**Navy Pier, Chicago, Illinois, USA**

Plan to do business with thousands of potential partners in one place at one time.

**See the latest exhibitor listing on page 7.**

**Association of the  
Nonwoven Fabrics Industry**  
ADVANCING NONWOVENS WORLDWIDE®

# Greetings

Greetings, fellow industry leader!

As president of INDA, I'd like to personally invite you to join me at INDA's 24th Filtration® International Conference & Exposition, as it returns to Chicago's Navy Pier November 17th through 19th. This premier event once again will deliver on its promise of "Pure Opportunity", bringing together high quality educational program content, training, product displays, and connection opportunities in one location to advance the success of filtration professionals.

Filtration2015 will provide everything needed to stay abreast of breakthroughs in the filtration industry. Key themes addressed by filtration experts include: Market Trends and Statistics, Cutting Edge Technologies, Filtration Solutions, and Industrial Air Filtration. You can also immerse yourself in premium co-located educational content, which gives you an opportunity to discover filtration principles, market and technology trends, new processes and products, test standards, unmet needs, and the growing potential of filter media products, which is valued at \$15.4 billion in North American sales to end users.

Filtration2015 will be brimming with vibrant energy and innovative technologies and products. Here, you'll discover the latest information from Keynote speaker Armando Brunetti, Executive Vice President of Camfil Americas. Other recently added presentations cover topics such as cabin air filtration, water purification, electrospun membrane filter media, best practices for filter laboratory tests and particulate matter 2.5 removal, and North American filtration forecasts, statistics, and recent mergers and acquisitions.

I encourage you to read on, and review the full details of the Filtration2015 program as well as the listing of exhibitors you can do business with in Chicago. I hope to see you there.

Sincerely,

A handwritten signature in black ink that reads "Dave Rousse". The signature is fluid and cursive, written in a professional style.

Dave Rousse  
INDA President

# Filter Media

Training Course

Tuesday, November 17

## Pure Technical Training

“

*The educational seminars alone justify the cost of attendance, and all attendees will go home with something beneficial, the very least of which is the awareness of the latest products and technologies affecting the filtration industry.*

”

– **CHRIS ZAKER**, NAFA CERTIFIED AIR FILTER SPECIALIST, NATIONAL SALES MANAGER, GLASFLOSS INDUSTRIES

**8:30 am – 5:00 pm**

### INDA's Nonwoven Filter Media Training Course

**Christine Sun, Ph.D.**, Principal, Filtration Technologies International

Returning due to popular demand, this acclaimed co-located course provides 1.5 days of technical training beginning Tuesday, Nov. 17 and concluding Wednesday morning, Nov. 18. Led by Christine Sun, Ph.D., a globally recognized technical and market expert in the nonwoven and filtration industries, attendees are guided through the principles of filtration to market and technology trends. Join in, and you'll learn about nonwovens used in air and liquid filtration, filtration market segments, technologies, products, test standards, unmet needs, and the growing potentials of filter media products and business opportunities. Early registration is suggested.

**Separate fee required.**  
(See the registration form for details.)

**NOTE:** INDA's Nonwoven Filter Media Training Course continues Wednesday, November 18, 8:00 am – 10:30 am

# CONFERENCE

## Tuesday, November 17

DON'T MISS

1:00 pm – 1:30 pm

### Keynote Address

» Who Are Our Customers and What Do They Really Need?  
A Camfil View of Filtration Media Requirements of the Future.

**Armando Brunetti**, Executive Vice President of Camfil Americas

Learn how the perspectives of Camfil, a world leader in the development and production of air filters and clean air solutions with more than three decades in the filtration industry, have responded to the realities of the North American market and global business trends. For more than half a century, Camfil has developed sustainable solutions, providing customers with an optimal balance of clean air and energy efficiency, while minimizing impact on the environment. Join us for a presentation filled with applicable insight.

1:30 pm – 3:30 pm

### Cutting Edge Technologies

» New Developments and Future Requirements in Cabin Air Filtration

**Andreas Scope**, Manager Research & Development Cabin Air Filters  
MANN+HUMMEL Innenraumfilter GmbH & Co. KG

Get all the details on the latest filter media concepts for particle and combi filters, along with solutions for the removal of allergens, bacteria, and mold – and current field test results for the reduction of PM2.5 and VOC concentrations in car cabins.

» A Novel Application for Pleated Cartridge Filters with Nonwoven Media

**Steven Dulin**, Application Engineer  
GE Water and Process Technologies

Explore the limits of pathologic protozoan cysts in drinkable water. Learn the filter materials' requirements relevant to FDA food contact (21CFR177), materials and performance requirements relevant to NSF/ANSI Standard 53, and requirements relevant to EPA FIFRA.

» Nanofibers in Filtration: Beyond F9, Beyond MERV 15, Beyond Surface-Load and Pulsing

**Fred Lybrand**, Managing Director –  
Global and CEO for ELMARCO, Inc.

Nanofibers have proven their ability to perform up to MERV 15 and F9, and have become a go-to for surface load filtration. What markets are nanofibers entering into next? Discover the state of nanofiber adoption, future markets for nanofibers, and how NF-enabled filter media benchmarks to membranes and other advanced materials.

NEW  
PRESENTATION

» High Flux Tyvek® for Filtration

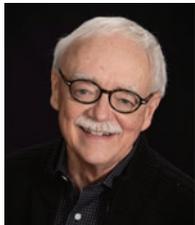

**Hyun Lim, Ph.D.** – Technical Fellow – DuPont Protection Technologies

A new high porosity Tyvek® has been developed for high flux filtration applications. Learn how this new product can be applied and the performance results they offer for flow rate, particle filtration efficiency, filter life and easy cake release that is critical to microfiltration applications.

3:30 pm - 4:30 pm

## Industrial Air Filtration

- » Pleated Filter Media as a Direct Replacement for Filter Bags

**Jack Clements**  
Principal  
SF Air Filtration

Clements will discuss the financial and performance merits of converting existing industrial air systems from bag filters to pleated filter media. Learn where it's possible to save money and improve the performance of your filtration system.

“

*The professionals who participate in the Filtration® International Conference & Exposition are creating the news rather than reading about it.*

”

— **DON BROWN**, SALES MANAGER,  
NAFTA, BONAR

# NEW PRESENTATIONS

- » Nonwoven Media Approaches for Air Inlet Filtration on Gas Turbines

**McLeod Stephens Jr.**  
Sales Manager

Gas Turbine Aftermarket, Nederman LLC

Find out how a combination of nonwoven media options provided air inlet filter house designers the options they needed for all ambient weather conditions, protected their equipment and maintained maximum power output.

- » Filter Media and Filter Laboratory Tests for Industrial Use

**Matt Gessner**  
Application Engineer

W. L. Gore & Associates, Inc.

Learn how to predict real world performance for filter media in industrial applications. Discover the rigorous best practice laboratory and bench-top test methods that have evolved to match materials and customer needs.

# Pure Visibility

See and be seen! Spark opportunities with thousands of potential partners.

# CONFERENCE Tuesday, November 17 (continued)

4:30 pm – 5:30 pm

## Filtration Solutions

### » Filter Loading by PM<sub>2.5</sub> and Bimodal Aerosols

**David Pui, Ph.D.**, Distinguished McKnight University Professor, University of Minnesota

Learn the detailed test results of factors that affect filter loading behaviors, so you can more precisely predict the lifetime of the filters used in ambient and indoor conditions.

### » PM-Based Filter Efficiencies and Ratings

**Bruce McDonald**, Principal  
Bruce McDonald Consulting LLC

Hear all about the methods, value, limitations, and most recent standards used to describe air filter efficiency in the size ranges used in PM<sub>1</sub>, PM<sub>2.5</sub>, and PM<sub>10</sub> ambient aerosol measurement.

5:30 pm – 5:50 pm

## Filtration Trends and Statistics

### » The State of the North American Filtration Market

**Dave Rousse**, President, INDA

**Brad Kalil**, Director of Market Research and Statistics, INDA

Dave Rousse

Gain a deeper understanding of filtration market data. Learn about significant mergers, acquisitions and the resulting business impacts. Hear a detailed comparison of the filtration market's size and growth compared to the overall nonwovens market in North America, with information from the recently published *North American Nonwovens Industry Outlook* report.

Brad Kalil

The Filtration® program is subject to change. The opinions expressed during the conference are those of the speakers and not necessarily that of INDA or its Board of Directors.

**For registration questions:** Contact Tracie Leatham, +1 919 459 3726 or [tleatham@inda.org](mailto:tleatham@inda.org)

**For sponsorship opportunities:** Contact Joe Tessari, +1 919 459 3729 or [jtessari@inda.org](mailto:jtessari@inda.org)

# Pure Connections

Meet the filter media manufacturers, raw material suppliers, fabricators, and machinery equipment manufacturers – and potential clients – you need to reach.

## Wednesday, November 18

8:00 am – 10:30 am

### INDA's Nonwoven Filter Media Training Course – Day 2

Instructor:

**Christine Sun, Ph.D.**, Principal,  
Filtration Technologies International

*(Separate fee required. See the registration form for details.)*

10:30 am – 5:30 pm

### Filtration® Exposition

5:00 pm – 6:00 pm

### Industry Reception

All registered delegates are welcome to attend the industry reception on the show floor.

## Thursday, November 19

10:30 am – 3:00 pm

### Filtration® Exposition

“*The Filtration Show has become THE meeting point for every aspect of the value chain in filtration. I've always had great success in meeting with our industry leaders and have always left the show with returns much greater than our investments!*

– **PAUL MAROLD**, CHIEF OPERATING OFFICER, SONTARA

# HOTEL INFORMATION

The Loews Chicago Hotel, W Lakeshore Chicago Hotel, Embassy Suites Chicago Downtown Lakefront, and Doubletree by Hilton Chicago are pleased to provide specially priced rooms for Filtration2015.

Reservations are required through INDA. Contact Andreana Leach, at [aleach@inda.org](mailto:aleach@inda.org) or +1 919 459 3724, or you may also reserve your hotel online by visiting [inda.org/events/filt15](http://inda.org/events/filt15)

To make a reservation, please provide Andreana with a reservation form that includes your arrival date, departure date, credit card number, and expiration date along with choice of one hotel from the four options

provided. In the event your first hotel choice is sold out, please provide a second, third, and fourth hotel choice.

Hotel rates are non-commissionable and room reservations may be made at this rate as long as rooms are available in the group block. We have a limited amount of rooms and reservation requests are processed in the order in which they are received, so we encourage you to please submit your request as soon as possible.

**PLEASE NOTE:** Submitting your hotel reservation does not guarantee that a room will be available in the group block at the group rate. Hotel reservations will be made on an availability basis.

## FILTRATION® COMMITTEE MEMBERS

The exceptionally strong conference program is an example of the commitment and leadership of INDA's Filtration2015 Conference Committee. INDA would like to thank these individuals who volunteered their support.

**Thomas Justice**, Zene, LLC – Chairman

**Gene Portelli**, 3M Company

**Jay Forcucci**, AVINTIV

**Robert Burkhead**, Blue Heaven Technologies

**Hans Neisser**, Branson Ultrasonics Corp.

**Shannon Schoppman**, Freudenberg Filtration Technologies LP

**Chris Peart**, HDK Industries Inc.

**Per Lindblom**, Hollingsworth & Vose Company

**Abdoulaye Doucouré**, Hollingsworth & Vose Company

**Rory Holmes**, Holmes Consulting

**Jennifer Wong**, Johns Manville

**Robert Martin**, Kimberly-Clark Corporation

**Mark Anttila**, Lydall Filtration Separation

**Keith Hayward**, Monadnock Non-Wovens LLC

**Charles Timbs**, Wallner Expac

INDA, the Association of the Nonwoven Fabrics Industry, serves hundreds of member companies in the nonwovens/engineered fabrics industry in global commerce. Since 1968, INDA events have helped members connect, learn, innovate, and develop their businesses. INDA educational courses, market data, test methods, consultancy, and issue advocacy help members succeed by providing them the information they need to better plan and execute their business strategies.

For more information, visit [www.inda.org](http://www.inda.org), or download the **INDA mobile app** for immediate updates.

## REGISTRATION FORM

**Expo:** November 18-19, 2015 | **Conference:** November 17, 2015 | Navy Pier | Chicago, Illinois

To register for Filtration2015, please complete the form below. Copy this form for additional registrations, or register online at [inda.org](http://inda.org). By registering early, you qualify for significant savings from the regular registration fee.

Last Name/Surname \_\_\_\_\_ First Name \_\_\_\_\_

Job Title \_\_\_\_\_ Organization \_\_\_\_\_

Address \_\_\_\_\_ Website \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_ Country \_\_\_\_\_

Telephone \_\_\_\_\_ Fax \_\_\_\_\_ Email \_\_\_\_\_

INDA will publish your email address on the official event attendee list. If you do not wish to have your email address published, please check the box

Please make selections in each section for us to process your registration.
