

ELEMENTARY NONWOVENS TRAINING COURSE

INDA Headquarters, Cary, NC

February 3-4, 2016 | June 21-22, 2016 | September 27-28, 2016

GAIN THE EDGE IN NONWOVENS: LEARN THE BASICS IN NONWOVEN MANUFACTURING AND PROCESS KNOWLEDGE.

INDA's Elementary Nonwovens Training Course is designed for professionals who are new to nonwovens. Led by an industry and nonwoven expert, the Elementary Nonwovens Training Course uses personal instruction, visual aids, industry samples, and plant production videos to teach the essentials.

Attendees will gain a broad overview and be able to appreciate the diversity of nonwovens and use the nomenclature with confidence. The course includes fiber information, production methods, nonwoven attributes and differences, the value of finishes, world trends, and outlooks. Gain the versatile and flexible business training to improve:

- Engineered fabrics knowledge
- Career opportunities
- Organizational development
- Industry connections

You'll leave this class ready to:

- **Identify** the four steps in making nonwovens
- **Use** the nonwovens industry terminology with confidence
- **Understand** the different kinds of fibers used in nonwovens
- **Recognize** the different manufacturing technologies
- **Learn** market and business intelligence

ELEMENTARY NONWOVENS TRAINING COURSE

INDA Headquarters, Cary, NC

February 3-4, 2016 | June 21-22, 2016 | September 27-28, 2016

INSTRUCTORS:

Jim Loftus, Ph.D., INDA, Director of Education and Technical Affairs. Loftus has over 26 years of materials experience, the last 22 of which have been in building materials with Owens Corning. He has an excellent knowledge of a wide variety of chemical and physical test methods. During his tenure at Owens Corning, Loftus was closely involved with the product stewardship process bringing his materials expertise to bear on product and process issues. He holds a BS, MS, and Ph.D. in Polymer Science and Engineering from Penn State University. Loftus currently holds 16 US patents and has numerous patent applications.

Brad Kalil, INDA, Director of Market Research and Statistics. Kalil joined INDA April 2013. He comes to INDA from The Hartman Group where he was Senior Quantitative Research Analyst, advising the world's best known brands on consumer demand and market strategy. Prior to joining The Hartman Group, Kalil had a number of market research/analyst roles in the specialty pulp, tissue and hygiene markets. He also worked for RISI and spent seven years with Weyerhaeuser in market research and business intelligence with many of his customers being the largest hygiene producers in the world.

"I would definitely recommend this course for anyone who wants an overview or refresher on nonwovens. I can see it benefiting everyone on different points of the supply chain."

- Kelley O'Byrne
Program Assistant, Strategic Initiatives
Cotton Incorporated

"Great course! The content was clear and the instructor was definitely a nonwovens expert. I would highly recommend this course to someone new to nonwovens."

- Nick Milanovich
Technical Marketing Director
Weyerhaeuser

"This training session was very useful to understand the different methods to manufacture nonwoven materials. It covered all aspects which I was looking for."

- Charles Poston
Market Manager Textiles
Kluber Lubrication
