

# Filter Media

## Training Course

Tuesday & Wednesday  
NOVEMBER 17-18, 2015  
Navy Pier, Chicago, IL USA

CO-LOCATED WITH FILTRATION 2015 INTERNATIONAL CONFERENCE & EXPOSITION

Take advantage of the industry professional's specialized nonwoven FILTER MEDIA training course co-located with FILTRATION 2015! This course is for those desiring to learn more about the development, testing, and application of nonwovens in filtration. Enrollment in this 1.5-day course is limited to only 40 participants to maintain the best possible learning environment.

### THIS COURSE IS DESIGNED FOR . . .

- ~ Research and development professionals
- ~ Product development engineers
- ~ Marketing and product managers
- ~ Technical sales professionals
- ~ Technical support professionals
- ~ Testing and quality control professionals
- ~ General managers

### YOU WILL LEARN . . .

- ~ The physics of filtration
- ~ Latest trends in air and liquid filter media technologies
- ~ Statistics and market trends for air and liquid filtration systems
- ~ How nonwoven media are designed and used in air and liquid filtration
- ~ Expanding technological achievements and applications around nanofibers
- ~ Testing standards for air and liquid filtration
- ~ Critical unmet needs for nonwovens used as filter media

Sign up now!

*The course provides a great overview of existing and emerging technologies in nonwovens and their applications in the filtration industry.*

— R. PAYNE, R&D, TRI DIM  
FILTER CORPORATION

### EXPERT INDUSTRY INSTRUCTOR . . .

Christine Sun, Ph.D., Principal, Filtration Technologies International, is a globally recognized technical and market expert in the nonwovens and filtration industry. With extensive experience from both industrial and academic services, Sun has broad and in-depth knowledge, as well as hands-on experience in the areas of advanced nonwovens, nanofibers, and filtration technologies. She has authored more than 100 technical publications and holds several patents.

Sun earned her BS, MS, and Ph.D. in chemical engineering from Tsinghua University in Beijing. She received the Sr. Scientist Award in 2012 from AFS (American Filtration & Separations Society) and is a board member for the Textile Research Journal and the Journal of Industrial Textiles.

## AGENDA

### WHAT TO EXPECT

- ~ Principles of filtration
- ~ What is filtration?
- ~ What are the primary filtration mechanisms?
- ~ What are the properties of a good filter?

### MARKET STATISTICS AND OPPORTUNITIES

- ~ How are nonwovens used today?
- ~ What are the major market segments for air and liquid filtration?
- ~ Nonwoven technologies for filtration media
- ~ Market statistics and opportunities

### AIR FILTRATION

- ~ Media technologies and applications
- FROM NONWOVEN TECHNOLOGIES:**
- + Meltblown (MB), spunbond (SB), wetlaid, needlepunched, and others
- FROM THE MARKETPLACE:**
- + Residential, industrial, HVAC, personal protection, transportation
  - + Gas turbine and others

### PRODUCT EVALUATION: STANDARDS AND TESTING

- ~ ASHRAE, EN, and ISO Standards, recent developments

### WHAT'S NEXT?

- ~ Challenges and opportunities

### LIQUID FILTRATION

- ~ Understanding the complexity of liquid filtration
- ~ Major liquid filtration segments
- ~ Nonwovens in the liquid filtration market
- ~ Standards and testing
- ~ Things to consider when selecting nonwoven filter media
- ~ Unmet needs and technology trends
- ~ Market trends and opportunities

### NANOFIBER TECHNOLOGIES IN FILTRATION

- ~ Why nanofibers?
- ~ How to produce nanofibers
- ~ How to structure nanofibers in filter media
- ~ Recent developments in air and liquid filtration
- ~ Market trends, challenges, and opportunities

*If you are new to nonwoven filters, you should take the Filter Media Training Course. You'll learn what filtration is, market statistics and opportunities, air & liquid filtration, and nanofiber technologies in filtration.*

— J. KYE, PH.D. PRINCIPAL ENGINEER RESEARCH, LG ELECTRONICS

## To REGISTER

### COURSE SCHEDULE

#### DAY 1

8:30 am – 5:00 pm  
12 noon – 1 pm (lunch provided)

#### DAY 2

8:00 am – 10:30 am

#### NOTE:

Space is limited to 40 people

*The course provides a valuable, hands-on learning opportunity in which participants can discuss products and technologies on the Filtration 2015 show floor with the instructor.*

I would like to attend the November 17-18, 2015 Filter Media Training Course
