# TABLE OF CONTENTS

---

## **Part 1. Spunbonded Technology**

Introduction to Spunbonded Materials .....	3
History of the Spunbonded Technology .....	5
Markets .....	6
Worldwide Growth .....	6
Growth By Region .....	6
Share of World Nonwoven Production .....	8
Physical Properties .....	9
Influencing Physical Properties .....	9
Resin Types .....	9
Selected Physical Properties of Resins .....	10
Principal End Markets of the Various Resins .....	12
Polypropylene .....	12
Polyester .....	13
High Density Polyethylene .....	14
Nylon & Other .....	14
Success Stories	
Cover Stock .....	16
Home Furnishings and Bedding .....	17
Medical and Surgical .....	18
Automotive .....	19
Other Developments .....	20
Process Technologies .....	21
Circular, Curtain Spinning .....	22
Spunbonded/Melt Blown Composites .....	23

## **Part 2. Melt Blown Technology**

Introduction to Melt Blown Materials .....	27
History of the Melt Blown Technology .....	29
Markets .....	30
Worldwide Growth .....	30
Growth By Region .....	30
Share of World Nonwoven Production .....	31
Resins Used .....	32
Selected Physical Properties of Resins .....	33
Major Markets .....	34
Monolithic .....	35
Composites/Laminates .....	35
Success Stories	
Cover Stock .....	37
Medical .....	38
Air Filtration .....	39
Sorbents .....	41
Liquid Filtration .....	42
Other Developments .....	44
Technology .....	45
 <b>Glossary of Terms for Spunbonded and Melt Blown Technologies .....</b>	 47
