

Table of Contents

Foreword	v
Important Note.....	vi
I. Executive Summary	1
II. What Is Meltblown	5
A. General Characteristics	5
B. Definition(s).....	6
C. History	6
D. Meltblown Process.....	7
i. Process Variables	11
ii. Process Modifications	12
iii. Other Considerations.....	13
E. Meltblown Properties	14
i. Web Characteristics.....	14
ii. Types of Resins.....	16
III. What It's Used For	21
A. Early End Uses.....	21
B. Current End Uses	22
i. Regional End Use Differences.....	23
ii. Filtration Media	25
iii. Sorbents.....	35
iv. Wipes	37
v. Insulation.....	37
vi. Other Applications	39
D. Where It's Produced	41
A. Historical Growth	42
B. Relative Machine Sizes	45

E. What is the Market Outlook	47
A. United States Respirator/Medical Face Mask Outlook.....	48
i. Pre-Pandemic Level (Baseline)	49
ii. Peak Demand (Spring 2020).....	50
iii. Current Period (January 2021).....	50
iv. Forecast Period (2025).....	51
B. Global Meltblown Capacity Forecast	54
i. Meltblown Capacity Growth	54
ii. Demand Opportunities	55
iii. Meltblown Outlook.....	57
F. Appendix	59
A. Methodology	59
B. Definitions	59
C. Reference List.....	61
