

SEPTEMBER 27 – 28, 2022  
North Carolina State University | Raleigh, NC

---

## TABLE OF CONTENTS

### TOWARDS A MORE CIRCULAR INDUSTRY

- [Achieving Supply Chain Circularity](#)  
Kat Knauer, Ph.D., *National Renewable Energy Laboratory (NREL)*
- [Sustainable Fibers – Developments and the Future](#)  
Jason Locklin, Ph.D., *University of Georgia - New Materials Institute*

### ADVANCEMENTS IN SUSTAINABLE INPUTS: PLA

- [PLA & PLA Blends: Practical Aspects of Extrusion](#)  
Behnam Pourdeyhimi, Ph.D., *The Nonwovens Institute, North Carolina State University*
- [Biobased Multicomponent Structures Providing Unique Characteristics and Sustainable Properties to Nonwovens](#)  
Kristel Beckers, *Total Corbion PLA*
- [Thinking Differently: In a Changing World What's Next for NatureWorks and Polylactic Acid Polymers \(PLA\)](#)  
Liz Johnson, Ph.D., *NatureWorks LLC*

### DEVELOPMENTS IN NATURAL FIBERS I

- [Exploring Natural Fibers in Nonwovens](#)  
Paul Latten, *Southeast Nonwovens, Inc.*
- [Hemp is Strong – Are You?](#)  
Olaf Isele, *Trace Femcare, Inc.*

### DEVELOPMENTS IN NATURAL FIBERS II

- [Mitigation of Quat Incompatibility with Cotton and other Cellulosic-based Substrates](#)  
Doug Hinchliffe, Ph.D., *USDA-ARS*

- [Fiber and Web Finishes.... What Are They and What Can They Do for Your Products?](#)  
Kay McCoy, *Pulcra Chemicals LLC*

#### **2022 RISE® INNOVATION AWARD PRESENTATIONS**

- [SERO® Hemp Fibre](#)  
Jason Finnis, *Bast Fibre Technologies, Inc.*
- [Biodegradable Diaper Components](#)  
Lars Heepe, Ph.D., *Gottlieb Binder GmbH & Co. KG*
- [Cat Litter Made from Recycled Nappies](#)  
Cynthia Barnicoat, *DiaperRecycle*

#### **SUSTAINABLE INPUTS: FIBERS & BIOFIBERS**

- [Redesigning Plastics to be Recyclable-by-Design](#)  
Kat Knauer, Ph.D., *National Renewable Energy Laboratory (NREL)*
- [Stereochemistry Strategies to Toughen Sugar Based Polymers and Degradable Elastomers](#)  
Matthew Becker, Ph.D., *Duke University*
- [The Global Plastic Crisis: Who Will Be the Winners/Losers in The Marketplace?](#)  
Bryan Haynes, Ph.D., *Kimberly-Clark Corporation*
- [Novel Biobased Resins Outperforming Plastics and Other Biodegradable Biopolymers](#)  
Steven Sherman, *BioLogiQ, Inc.*

#### **WASTE NOT, WANT NOT - SUSTAINABLE INPUTS FROM WASTE PRODUCTS**

- [Potential Nonwoven Applications of Tree-Free Fibres Made from Microbial Cellulose](#)  
Heidi Beatty, *Crown Abbey, LLC*
- [Ultra Fine Polyester Fibers for Nonwovens](#)  
Akari Yamamoto and Yusuke Suzuki, *Teijin Frontier Co., Ltd.*

#### **ECONOMIC INSIGHTS & MARKET INTELLIGENCE**

- [North American Economic Outlook](#)  
Robert Fry, Ph.D., *Robert Fry Economics LLC*
- [North American Nonwoven Material Outlook in a Post-Pandemic and Slowing Economic World](#)  
Brad Kalil, *INDA*
